

Individuals who currently are **not** registered, but for whom a BrokerCheck report is available, may submit a Broker Comment Request Form to provide an update or add context to information that is disclosed through BrokerCheck. **An individual should submit a comment as they would like it to appear on their BrokerCheck report.** FINRA reserves the right to reject or redact comments that it deems inappropriate.

Individuals who are currently registered and wish to provide an update or context to information that is disclosed through BrokerCheck are required to file an amended Form U4. Individuals who have submitted a Broker Comment, and who later become registered with FINRA, may provide the updated information through the submission of a Form U4 as the Broker Comment will no longer be displayed through BrokerCheck.

All information must be completed in its entirety and this Request Form must be signed. Please attach a copy of the BrokerCheck report to be updated with the applicable sections clearly circled or highlighted. Please note that the total amount of information provided on the Broker Comment Request Form cannot exceed 4,000 characters. FINRA will not process any Broker Comment Request Form that does not meet all of the FINRA-required criteria. If you have more updates than space permits, please submit additional signed copies of this form.
